

## Agenda: Energistics® Consortium – Face-to-Face (F2F) Meeting, April 27–30, 2026

Since January 2022, the Energistics Consortium has been an affiliate of The Open Group®.

The Energistics agenda/sessions are also integrated with the OSDU® Forum’s online agenda/sessions (to make registration more convenient). This document is an aggregated view of all Energistics events planned for the week.

**All meetings are “working sessions” so only members may attend.**

**NOTE:** Some of the Energistics technical sessions may be moved during the week to avoid conflicts with OSDU Forum technical sessions that people may also need to attend. We appreciate your flexibility.

### Monday, April 27, 2026 (all day)
