

Yves-André Valot

Director

Vice President, Information Systems

Total

Yves-André Valot graduated from the Higher National School of Telecommunications in 1985.

After spending one year at the Cap Sogeti Company, he joined the Elf Aquitaine Exploration & Production Company in 1986 as IT project manager based in the south of France. Then he held various IT positions with E&P branch in France and Nigeria. In 1999 he was appointed as Group Telecom Manager in the Holding of Elf company based in Paris and was confirmed in that position after the TotalFinaElf merger in 2001. In 2004 he was back to Total E&P branch as Information Services Manager of UK affiliate in Aberdeen. 2007, he was back to France to take the CIO position for Total Gas & Power branch. Five years later he is appointed as CIO for Total Marketing & Services branch.

Since October, 1st 2018, he is acting as CIO for Total Exploration & Production branch.

His sporting activities are golf, biking, travels but love spending a lot of time with his wife and 3 boys, and friends.
